

THE OHIO STATE UNIVERSITY

COLLEGE OF ARTS AND SCIENCES

## SYLLABUS: MATH 1149 TRIGONOMETRY (SP 2024)

### Course overview

#### Course description

Trigonometric functions and applications of trigonometry to real world problems, vectors, polar coordinates and complex numbers. Prereq: A grade of C- or above in 1148, or permission of the department. Not open to students with credit for 1144, or for any Math course numbered 1150 (150) or above.

##### GEN:

###### Goals:

Successful students will be able to apply quantitative or logical reasoning and/or mathematical/statistical methods to understand and solve problems and will be able to communicate their results.

###### Expected Learning Outcomes:

Successful students are able to:

1. Use logical, mathematical, and/or statistical concepts and methods to represent real-world situations.
2. Use diverse logical, mathematical, and/or statistical approaches, technologies, and tools to communicate about data symbolically, visually, numerically, and verbally.
3. Draw appropriate inferences from data based on quantitative analysis and/or logical reasoning.
4. Make and evaluate important assumptions in estimation, modeling, and logical augmentation and/or data analysis.
5. Evaluate social and ethical implications in mathematical and quantitative reasoning.

##### GEL:

###### Goals:

Students develop skills in quantitative literacy and logical reasoning, including the ability to identify valid arguments, and use mathematical models.

###### Expected Learning Outcomes:

Mathematical or Logical Analysis

1. Students comprehend mathematical concepts and methods adequate to construct valid arguments.
2. Students comprehend mathematical concepts and methods adequate to understand inductive and deductive reasoning
3. Students comprehend mathematical concepts and methods adequate to increase their general problem solving skills.

## **Course learning outcomes**

By the end of this course, students should successfully be able to:

- Graph trigonometric functions and identify the main features of their graphs.
- Construct models using trigonometric functions.
- Apply trigonometry in a wide range of problems.

## Course material

### Required:

- 1 E-BOOK together with ACCESS CODE (for homework).** The e-book College Algebra & Trigonometry Enhanced 1e, by Miller and Gerken, ISBN 9781259976612, is sold together with the access code to Connect math (your online homework system). Instructions on how to acquire an account in Connect math, are available in Carmen's "Syllabus" page.
- 2 Calculators (for exams and quizzes):** You **need** a calculator with basic functions (exponential and logarithmic functions, trigonometric and inverse trigonometric functions). You **may** use a graphing calculator such as TI-83/84 or a similar one, however calculators with CAS (Computer Algebra System) such as TI-89/92 **are not** permitted.

**Note:** Online calculators such as Desmos (desmos.com) are allowed to use for **homework assignments** only.

## Course Delivery

**Course Information:** The course information and regular announcements are posted in Carmen.

**Lectures and recitation classes:** The times and locations are listed in your OSU classes' schedule.

### **Help with the course:**

- **OFFICE HOURS:** Both your lecturer and your recitation instructor have office hours.
- **MATHEMATICS AND STATISTICS LEARNING CENTER (MSLC):** The Math Stat Learning Center (MSLC) offers free drop-in and appointment tutoring. Everyone can benefit from tutoring! The MSLC's drop-in tutor rooms are a great place to work on math homework or study for exams. Students often use the space like a library with the added benefit of a tutor or peers nearby. Tutoring appointments are weekly one-on-one, 30-minute appointments. You'll work with the same peer tutor each week to provide stability and mentoring-type support. MSLC tutors focus not only on helping you solve the problem at hand, but also work with you to build your understanding and knowledge to prepare you for exams. <https://mslc.osu.edu/tutoring>

### **Help with technology:**

- **For help** with your password, university e-mail, Carmen, or any other technology issues, contact the OSU IT Service Desk. Standard support hours are available at <https://ocio.osu.edu/help/hours>, and support for urgent issues is available 24x7.
- **Self-Service and Chat support:** <http://ocio.osu.edu/selfservice>
- **Phone:** 614-688-HELP (4357), **Email:** [8help@osu.edu](mailto:8help@osu.edu), **TDD:** 614-688-8743

**Help with Connect math issues:** [https://www.connectmath.com/support/contact\\_support](https://www.connectmath.com/support/contact_support)

## Assessment and course grade

### Homework:

#### **Connect math:**

The homeworks are in Connect math (see Carmen's "Syllabus" page for guidance on how to **create a Connect math** account).

In order to see your **homework scores in Carmen**, you need to **access** Connect math via Carmen (click "Modules" then "McGraw-Hill Campus" then "Connect Math" tab).

#### **Due dates:**

Homeworks' due dates are in the "Course Schedule" section of this syllabus. They are also posted in Carmen and in Connect math.

#### **Late assignments:**

Late assignments are not accepted without a medical excuse.

**Scores:** The **lowest two scores** of your homeworks will be dropped.

### Quizzes:

#### **Quizzes schedule:**

The quizzes are held in recitation class, during recitation time. The dates are listed in the "Course Schedule" section of this syllabus.

#### **Quizzes makeups:**

Contact your recitation instructor as soon as you have an issue with taking a quiz during recitation time. A **valid excuse** is required.

**Scores:** The **lowest quiz score** will be dropped.

### Exams:

#### **Exams Schedule:**

The **dates** and **times** are indicated on the "Course Schedule" section of this syllabus. Attendance at the exams at the scheduled time and location is required. You must show your **OSU ID** at each exam.

#### **Exams Rooms:**

Math 1149 has common **evening** exams that are NOT held in your regular classroom. Room assignments will be **posted** in Carmen "announcements" the week before each exam.

#### **Exams make-ups:**

You must have **permission** from your lecturer to take a make-up exam. **Makeup exams will be available for students having documented work, class conflict, or illness. STUDENTS SHOULD NOT MAKE TRAVEL ARRANGEMENTS THAT CONFLICT WITH THE FINAL EXAM. SUCH A CONFLICT IS NOT A VALID EXCUSE FOR MISSING THE REGULARLY SCHEDULED FINAL EXAM.**

### Extra credit work:

You have the opportunity to earn extra credit by completing the assignments in Carmen "Quizzes" for sections 5.7 and 6.1.

**Grade Composition**

<i>Assignment category</i>	<i>Percentage</i>
Homework	20%
Quizzes	20%
Exams	60%
Extra credit work	1%
Total	101%

**Grading scale minimum cutoffs**

<b>A</b>	<b>A-</b>	<b>B+</b>	<b>B</b>	<b>B-</b>	<b>C+</b>	<b>C</b>	<b>C-</b>	<b>D+</b>	<b>D</b>
90%	87%	83%	80%	77%	73%	70%	67%	63%	60%

**List of recommended practice Problems**

<b><u>Section</u></b>	<b><u>Practice Problems (these are not due)</u></b>
5.1	35 – 127 odd
5.2	13 – 89 odd
5.3	9 – 95 odd
5.4	11 – 89 odd
5.5	9 – 67 odd, 77 – 89 odd
5.6	9 – 67 odd
5.7	7 – 87 odd, 101 – 103 odd
6.1	11 – 51 odd, 57 – 97 odd, 103 – 105
6.2	7 – 69 odd, 87 – 89 odd
6.3	7 – 81 odd
6.5	5 – 47 odd, 53 – 61 odd, 69 – 73 odd, 81 – 87 odd
7.2	7 – 69 odd
7.3	5 – 41 odd
8.3	7 – 51 odd
8.4	11 – 103 odd
8.5	7 - 89 odd
11.1	11 – 21 odd, 63 – 67 odd, 73 – 77 odd
11.2	9 – 21 odd, 51, 61
11.3	15 – 33 odd, 69

### Course schedule (subject to adjustments)

Week & Dates		Topics	Assignments due dates	
1	1/08 (M) 1/10 (W) 1/11 (R)	5.1 Angles and Their Measure (in Lecture room) 5.1/5.2 Cont./Right Triangle Trigonometry Recitation (in your recitation classroom)		The sections marked with an asterisk have bonus work. See Carmen "Quizzes" for their due dates.
2	1/15 (M) 1/17 (W) 1/18 (R)	MLK day. No classes 5.2/5.3 Cont./Trig Functions of Angles		
3	1/22 (M) 1/24 (W) 1/25 (R)	5.3 Trig. Functions of Angles 5.4 Trig. Fun. and The Unit Circle	1/22 (M) 1/25 (R)	Homework 1 (in Connect math) Quiz 1 (in recitation) through 5.2
4	1/29 (M) 1/31 (W) 2/1 (R)	5.4/5.5 Cont./Graphs of Sine and Cosine 5.5 Graphs of Sine and Cosine		
5	2/5 (M) 2/7 (W) 2/8 (R)	5.6 Graphs of Other Trig Functions 5.6/5.7 Cont./Inverse Trig. Functions*	2/5 (M) 2/8 (R)	Homework 2 (in Connect math) Quiz 2 (in recitation) through 5.4
6	2/12 (M) 2/13 (T) 2/14 (W) 2/15 (R)	Review 5.7 Inverse Trig. Functions*	2/13 (T)	Exam 1 (6:30-7:25pm) through 5.5
7	2/19 (M) 2/21 (W) 2/22 (R)	6.1 Trigonometric Identities* 6.2 Sum & Difference Formulas	2/19 (M)	Homework 3 (in Connect math)
8	2/26 (M) 2/28 (W) 2/29 (R)	6.2/6.3 Cont./Double & Half Angle Formulas 6.3 Double & Half Angle Formulas	2/29 (R)	Quiz 3 (in recitation) through 6.1
9	3/4 (M) 3/6 (W) 3/7 (R)	6.5 Trigonometric Equations 6.5 Trigonometric Equations	3/4 (M)	Homework 4 (in Connect math)
10	3/11 (M) 3/13 (W) 3/14 (R)	SPRING BREAK SPRING BREAK SPRING BREAK		
11	3/18 (M) 3/20 (W) 3/21 (R)	7.2 The laws of sines 7.2/7.3 Cont./Law of Cosines	3/21 (R)	Quiz 4 (in recitation) through 6.5
12	3/25 (M) 3/26 (T) 3/27 (W) 3/28 (R)	Review 8.3 Complex numbers in Polar form	3/25 (M) 3/26 (T)	Homework 5 (in Connect math) Exam 2 (6:30-7:25pm) through 7.2
13	4/1 (M) 4/3 (W) 4/4 (R)	8.4 Vectors 8.4/8.5 Cont./Dot Product		
14	4/8 (M) 4/10 (W) 4/11 (R)	8.5 Dot Product 8.5/11.1 cont./The Ellipse	4/8 (M) 4/11 (R)	Homework 6 (in Connect math) Quiz 5 (in recitation) through 8.4
15	4/15 (M) 4/17 (W) 4/18 (R)	11.2 The Hyperbola 11.3 The Parabola		
16	4/22 (M) 4/23 (T) 4/24 (W)	Review Reading day. No classes Final Exam	4/22 (M) 4/24 (W)	Homework 7 (in Connect math) Final Exam (6:00-7:45pm)

# Grading and faculty response

## Faculty feedback and response time

The following list is provided to give you an idea of your instructors' availability throughout the course.

### Grading and feedback

For graded assignments, you can generally expect feedback within **one week**.

### E-mail

Instructors will reply to e-mails within **24 hours on school days**.

### Discussion board

Instructors will check and reply to messages in the discussion boards every **24 hours on school days**.

# Attendance, participation, and discussions

## Student participation requirements

Your attendance is based on your online activity and participation, in addition to recitation class attendance. Be sure you are logging into the course in Carmen at least **three times** each week, including weeks with holidays. If you have a situation that might cause you to miss an entire week of class, discuss it with your instructor as *soon as possible*.

## Discussion and communication guidelines

The following are the expectations for how we should communicate as a class. Above all, please remember to be respectful and thoughtful.

- **Writing style:** While there is no need to participate in class discussions as if you were writing a research paper, you should remember to write using good grammar, spelling, and punctuation.
- **Tone and civility:** Please maintain a supportive learning community where everyone feels safe. No student should be marginalized in any form for questions or contributions made in class, during office hours, or in an online forum. Students should cooperate to help each other's understanding of the mathematical concepts covered in class regardless of their background.
- **Citing your sources:** When we have academic discussions, please cite your sources to back up what you say. (For the textbook or other course materials, list at least the title and page numbers. For online sources, include a link.)
- **Backing up your work:** Consider composing your academic posts in a word processor, where you can save your work, and then copying into the Carmen discussion.

## Other course policies

### Student academic services

Student academic services offered on the OSU main campus  
<http://advising.osu.edu/welcome.shtml>.

### Student support services

Student support services offered on the OSU main campus <http://ssc.osu.edu>.

## Academic integrity policy

### Policies for this course

- **Exams:** You must complete the exams yourself, without any external help or communication.
- **Individual homework assignments:** You may discuss problems with other students in this course, but the final write-up should be entirely your own. You are not allowed to copy from resources that explicitly compile solutions to textbook problems (many of these also tend to be wrong!).
- **Reusing past work:** In general, you are prohibited in university courses from turning in work from a past class to your current class, even if you modify it. If you want to build on past research or revisit a topic you have explored in previous courses, please discuss the situation with your instructor.
- **Collaboration and informal peer-review:** The course includes many opportunities for formal collaboration with your classmates. While study groups and peer-review of written work is encouraged, remember that comparing answers on a test or individual assignment is not permitted.

### Ohio State's academic integrity policy

It is the responsibility of the Committee on Academic Misconduct to investigate or establish procedures for the investigation of all reported cases of student academic misconduct. The term “academic misconduct” includes all forms of student academic misconduct wherever committed; illustrated by, but not limited to, cases of plagiarism and dishonest practices in connection with examinations. Instructors shall report all instances of alleged academic misconduct to the committee (Faculty Rule 3335-5-487). For additional information, see the Code of Student Conduct <http://studentlife.osu.edu/csc/>.

## Copyright disclaimer

The materials used in connection with this course may be subject to copyright protection and are only for the use of students officially enrolled in the course for the educational purposes associated with the course. Copyright law must be considered before copying, retaining, or disseminating materials outside of the course.

## Statement on title IX

Title IX makes it clear that violence and harassment based on sex and gender are Civil Rights offenses subject to the same kinds of accountability and the same kinds of support applied to offenses against other protected categories (e.g., race). If you or someone you know has been sexually harassed or assaulted, you may find the appropriate resources at <http://titleix.osu.edu> or by contacting the Ohio State Title IX Coordinator, Kellie Brennan, at [titleix@osu.edu](mailto:titleix@osu.edu)

## Accessibility accommodations for students with disabilities

The University strives to make all learning experiences as accessible as possible. If you anticipate or experience academic barriers based on your disability (including mental health, chronic or temporary medical conditions), please let me know immediately so that we can privately discuss options. To establish reasonable accommodations, I may request that you register with Student Life Disability Services. After registration, make arrangements with me as soon as possible to discuss your accommodations so that they may be implemented in a timely fashion. SLDS contact information: [slds@osu.edu](mailto:slds@osu.edu); 614-292-3307; [slds.osu.edu](http://slds.osu.edu); 098 Baker Hall, 113 W. 12th Avenue.

## Accessibility of course technology

This online course requires use of Carmen (Ohio State's learning management system) and other online communication and multimedia tools. If you need additional services to use these technologies, please request accommodations with your instructor.

- [Carmen \(Canvas\) accessibility](#)
- Streaming audio and video
- Synchronous course tools

## **Your mental health!**

As a student you may experience a range of issues that can cause barriers to learning such as strained relationships, increased anxiety, alcohol/drug problems, feeling down, difficulty concentrating and/or lack of motivation. These mental health concerns or stressful events may lead to diminished academic performance or reduce a student's ability to participate in daily activities. The Ohio State University offers services to assist you with addressing these and other concerns you may be experiencing. If you or someone you know are suffering from any of the aforementioned conditions, you can learn more about the broad range of confidential mental health services available on campus via the Office of Student Life's Counseling and Consultation Service (CCS) by visiting [ccs.osu.edu](https://ccs.osu.edu) or calling 614- 292-5766. CCS is located on the 4th Floor of the Younkin Success Center and 10th Floor of Lincoln Tower. You can reach an on call counselor when CCS is closed at 614-292-5766 and 24 hour emergency help is also available through the 24/7 National Suicide Prevention Hotline at 1-800-273- TALK or at [suicidepreventionlifeline.org](https://suicidepreventionlifeline.org)
