

# Intern with Humana's Actuarial Professional Development Program

**Feel respected and trusted. Know your employer makes a difference in people's lives. Embrace the possibilities.**

The Actuarial Professional Development Program (APDP) internship is 12 weeks, giving our interns exposure to traditional and non-traditional actuarial work throughout Humana's 30+ actuarial departments.

An internship with the APDP is an opportunity for you to give Humana a test drive. Our program allows interns to obtain the skillsets and competencies it takes to become an actuarial associate for a Fortune 100 company. At the end of the summer, you'll be assessed for a full-time position, or an offer to return as an intern. We also offer the opportunity to work remotely during the school year following a successful internship.

**As an intern with APDP, you'll receive:**

- Exposure to senior leadership through small group workshops
- Development Opportunities
- Networking Events
- Real World Actuarial Experience
- Paid time off for the day of an exam taken during the internship
- Opportunity for full-time employment

Are you ready to learn more about applying your skills and education as an Actuarial Intern? Check out Humana College Programs on Facebook, or go to [careers.humana.com](http://careers.humana.com) and search for Requisition #180566.

*"My internships were invaluable. I gained a better understanding of the health insurance industry and actuarial work by working on analyst level projects, all while creating a network of support for my future in the actuarial career path. These insights are not something I could have ever gained in classes."*

**Humana**<sup>®</sup>

Shelby Leichty,  
Ball State University  
Actuarial Analyst since 2015  
Intern, Summers 2013 & 2014

*"My summer internship at Humana was incredible! During the summer I was provided countless opportunities to grow as a professional, develop actuarial skills, and learn about the health insurance industry. The Humana culture and the people I worked with made each day exciting!"*

Jordan Miller  
University of Wisconsin-Madison  
Senior Actuarial Analyst  
Intern, Summer 2014

*"My summer internship with Humana not only allowed me to gain valuable knowledge within the actuarial field but also taught me many things about the health insurance industry itself. The atmosphere within the workplace is like no other and was an integral part in my decision to work here after graduation."*

Alan Percal,  
Florida State University  
Actuarial Analyst since 2015  
Intern, Summer 2014

# Join Humana's Actuarial Professional Development Program

**Thrive in an inspiring, collaborative environment. Know your employer makes a difference in people's lives. Explore the possibilities to grow and contribute.**

As an associate in Humana's Actuarial Professional Development Program (APDP), you'll have opportunities to develop your professional and technical skills. You'll also have support as you pursue your credentials.

The Actuarial Organization at Humana focuses on balancing and optimizing ongoing growth, profitability, and risk management for the enterprise. We do this through sophisticated, disciplined data analytics, emphasizing forecasting and projections from an enterprise wide and industry perspective, and creating understanding as trusted partners and business leaders. Our vision is to develop our actuarial associates into successful business professionals.

**The program provides:**

- Six-month study hour bank
- Company supported exam registration, study materials, and seminars
- Paid time for the day of an exam
- Professional dues and continuing education
- Leader supported company study hours
- Development/ Leadership opportunities
- Rotational Opportunities

Go to [careers.humana.com](https://careers.humana.com) to apply for an Actuarial Analyst position.

*"Humana fully supports the exam program, with ample amounts of study time, which enables me as an actuary to continue my development. Over time, doors will open to more opportunities and responsibilities within the company."*

**Trevor Mahoney, FSA**  
Associate Actuary  
Associate since 2010

*"Your career at Humana is what you make of it. Humana provides the opportunity to excel in the actuarial career field. We offer a diverse working environment, with over 20 different actuarial departments to gain knowledge from throughout your career. We support an extremely competitive study program and salary increase schedule for passed exams. Humana Believes in inclusion and a diverse and positive workplace."*

**Mary Van Rossler**  
Associate Actuary  
Associate since 2007
