

HOMEWORK/ MML ASSIGNMENTS

MATH 1130, AUTUMN 2019

TEXTBOOK HOMEWORK GUIDELINES:

To get enough practice for the exams, it is essential that you complete the all the assigned exercises in each section. To get the most out of recitation, it is best to attempt assigned homework before each recitation meeting. Keep up with the homework! As soon as you have a question or get stuck, go to your lecturer's or recitation instructor's office hours or to the tutoring room.
