TECHNOLOGY: All students are **required** to have an access code for the ConnectMath Homework System and are **required** to have a graphing calculator for this course. It is recommended that you use a TI-83, TI-83 plus, or a TI-84. **Note that the TI-89, TI-92, and calculators that use a Computer Algebra System are not permitted.**

E-MAIL, HOMEPAGE & CARMEN: You are responsible for information contained in e-mail messages sent to your official OSU e-mail address: **yourlastname.#@osu.edu**. You should check your e-mail at least once per day. Additional course information can be found on the course homepage at <https://math.osu.edu/courses/1148>. Carmen is a web-based course tool that allows you to view course materials and your scores. You can access Carmen by visiting <http://carmen.osu.edu>. You will need your OSU ID and password.

RECITATION: You will meet with your recitation instructor on Mondays and Wednesdays. Your performance in recitation will count for a total of **15%** of your grade:

- **HOMEWORK:** Homework consists of 13 online homework assignments (graded) and additional offline assignments (ungraded) from the course textbook. Access information for online homework will be available from your lecturer by the second day of lecture. ***Students are responsible for completing online homework before it falls due – the online homework system does not accept homework that is overdue.*** The ten best homework assignments will be counted, in total, for an overall total of **5%** of your grade.
- **QUIZZES:** There will a total of 10 quizzes given by your recitation teacher during the semester. The seven best quiz scores will be counted, in total, for an overall total of **10%** of your grade. **There will be no make-up of quizzes; if you miss a quiz that will be one of your three dropped scores.**

Please note that both the textbook and online homework will form the basis for quizzes and exams; however, exam questions may differ from homework and quiz questions. Also, exams will cover conceptual ideas along with computational problems.

EXAMS: There will be three midterm exams and a **cumulative and comprehensive final exam** given. The midterms, in total, will count for **50%** of your grade and the final exam will count for **35%** of your grade

- **EXAM SCHEDULE:** Attendance at the exams at the scheduled time and place is required. You must have your **OSU ID** at each exam:

Midterm 1	Monday, February 4	5:20-6:15pm
Midterm 2	Wednesday, March 6	5:20-6:15pm
Midterm 3	Monday, April 8	5:20-6:15pm
Final Exam	Wednesday, April 24	6:00-7:45pm

Students **must not miss** a regularly scheduled OSU class to take one of the evening exams. See make-ups below.

- **EXAM ROOMS:** Exams will not be held in your regular classroom. **Room assignments will be posted on the course homepage, on Carmen and announced in class** the week before the exam. It is **your duty** to know **where** and **when** each exam is given.
- **MAKE-UPS:** You must have **written permission** from your lecturer to take a make-up exam. To receive a permission slip, you need to provide your lecturer with proper documentation. Students that have a time conflict with *another regularly scheduled OSU course* may take the make-up exam. However, students with other types of time conflicts (like work, social activities, etc.) should prearrange to take the exam at the regularly scheduled time and date. **Makeups are not allowed after exams are handed back.** See your lecturer for the time and location of a make-up exam. Please note that **no early exams** will be given.
